

LEED Criteria Worksheet

Hollman Standard Line – PLAM Doors

Project Name:	Date:
Product:	
Manufacturer:	
Subcontractor:	

Material Cost: Do not include labor, equipment, or taxes. \$ _____

	Estimate	Actual
--	----------	--------

MR4 – Recycled Content: Does the material/product contain post-consumer and/or post-industrial content?	Yes ____%	No
Pre-consumer Recycled Content	Yes ____%	No
Post-consumer Recycled Content	Yes ____%	No

MR5.1 – Regional Materials, Manufactured Materials/Products: Was the material/product fabricated within 500 miles of job site? Yes ____% No

(If Yes) Location of manufacturer/fabricator: _____ Miles to manufacturer/fabricator: _____

MR5.2 – Regional Materials, Harvested Materials/Products: Does the material/product contain regionally extracted, harvested, or recovered raw materials? Yes ____% No

Raw Material: _____ Miles from source: _____

MR6 – Rapidly Renewable Material: Does the material/product contain rapidly renewable materials? Yes ____% No

Raw Material: _____ % of Material \$: _____

MR7 – FSC Certified Wood Materials: Does the material/product contain FSC certified wood? Note: FSC recycled wood should be listed under recycled content. FSC Mixed wood should be split between FSC Wood and Recycled. If your product is made of multiple components one of which is wood, the % should represent the weight of FSC wood relative to the total product weight. Yes No

N/A (Product does not contain new wood/wood is 100% recycled)

Component: _____ Chain of Custody Certificate #: _____ % of Material: _____

EQ4.1 – Low-Emitting Materials, Adhesives, and Sealants: Does the material/product comply with VOC limits of SCAQMD or BAAQM rules? Yes No

Product Name: _____ VOC Content: ____g/L

_____g/L

_____g/L

EQ4.2 – Low-Emitting Materials, Paints, and Coatings: Does the material/product comply with VOC & chemical component limits of Green Seal standard? Yes No

Product Name: _____ VOC Content: _____g/L

_____g/L

_____g/L

EQ4.4 – Low-Emitting Materials, Composit Wood and Agrifiber: Does the material/product contain added urea-formaldehyde resins? Yes No

* Documentation supporting the claims on this sheet must be enclosed.
